

ABOUT US

Since its founding in 2006 **bioplastics MAGAZINE** has been the global number one trade magazine dedicated exclusively to bioplastics, i.e. plastics from renewable resources and/or biodegradable plastics. Now, with the 15th anniversary on the horizon **bioplastics MAGAZINE** will increasingly include topics of plastics based on captured carbon (CO₂, CH₄) and selected recycling topics.

Well established in this industry, **bioplastics MAGAZINE** (including the web-based daily news and the smartphone/tablet app) is a unique platform for bioplastics related information worldwide. **bioplastics MAGAZINE** is complemented by basic books and high-class conferences, published and organized by Polymedia Publisher.

bioplastics MAGAZINE is read by decision-makers in all parts of this industry. From raw material suppliers and compounders to machine and mould makers, converters, brand owners, the complete distribution chain (wholesale and retail) as well as lobbyists, scientists and politicians – **bioplastics MAGAZINE** is an independent and neutral source of information for all.

bioplastics MAGAZINE has an average print run of 4000 (depending on large events such as exhibitions or conferences) However, the estimated number of readers is of course much higher, as many copies of **bioplastics MAGAZINE** are circulated or passed on to other interested readers.

bioplastics MAGAZINE has experienced a constant, and very positive, feedback from its readers for almost 15 years now and has continuously worked on improving the quality and reach of the publication, which currently reaches readers in 92 countries all around the globe.

The successful and high-class conferences organized by **bioplastics MAGAZINE** include the PLA World Congress, the PHA *platform* World Congress as well as the Bioplastics Business Breakfasts (during K-fair), the bio!PAC, bio!CAR, and bio!TOY. Please contact us for sponsoring, exhibiting or speaking opportunities.

Advertising in **bioplastics MAGAZINE** (print or digital in newsletters, app, or on the website) is easy, flexible, and affordable. It is aimed exactly at the relevant target group, whether it is via a web-banner, an entry in the Suppliers Guide (print and online) or printed adverts in the magazine. Even video clips in the digital flipbook or special "cover-ads" on the front-page of the magazine are available.

Lastly, **bioplastics MAGAZINE** is always interested in editorial contributions, which are always free of charge.

Advertising and editorial contributions - **bioplastics MAGAZINE** is the essential platform for your communication.
